

LELEUX NAMED INVESTMENT EXECUTIVE

Janet Leleux has been named Investment Representative of First Federal Investments, a subsidiary of First Federal Bank of Louisiana. Her office is located at First Federal Bank's Sulphur Branch, at 2550 Maplewood Drive.

LeLeux, an investment adviser representative, has been providing financial services to clients, both individual and institutional, for ten years. Janet is employed as an Investment Executive at First Federal Bank and a general securities registered representative of PrimeVest Financial Services, Inc.

Janet started her professional career as a Financial Advisor in 1997 with Morgan Stanley, during a highly volatile market followed by the economic and national security events of 911. With her background in strategic planning and equities, in 2001 Janet accepted a position with an investment program at a community bank in central Oklahoma. Local Oklahoma Bank invited her to establish a planning-based practice under the bank's aegis with the same emphasis the bank places on premier client and community service. The investment program at a Compass Bank in Houston, Texas, brought Janet on in 2004 to provide the same, but with an emphasis in management of business and sales for their South Central Texas Region.

The distinctive strengths Janet brings to the First Federal Investments team are management and leadership skills with specialized training in both securities and financial planning. Most importantly though, is the compassion and knowledge it takes to provide solutions and support to those reaching out during personal and emotional events that impact their lives.

Janet lives in Sulphur with her husband Ed LeLeux. They have four children and four grandchildren. Among her interests, Janet includes horseback riding, traveling, cooking, and quilting.
